

Fabrics - Synthetic

Bearmakers have a selection of fabrics to choose from when making bears. Certain factors will determine your choice – for example, size and design of your bear; is it to be a collectable, limited edition bear or a special gift, the quality and cost of the fur etc.

★ Synthetic Fur (Local)

Reasonably priced local synthetic fur with knitted backing – great for first-time bears.
Colours, textures, pile lengths & prices may vary from descriptions below as stocks are replenished
 When filling bears made from this fur, remember to fill carefully to avoid stretching of fabric.

Code	Pile	Colour	Texture	Width	Price/mtr
FSSF014	14mm	Biscuit	Long curly	137cm	R125.00
FSSFD020	20mm	Vanilla	Fluffy long pile	137cm	R125.00
FSSFT010	10mm	Light Tan	Medium pile	137 cm	R125.00
FSSFD030	10mm	Chocolate Brown	Medium-long pile	137cm	R125.00

Synthetic Fur (Imported)

★Require a higher quality synthetic fur with a woven backing or are you allergic to mohair?

Refer to our Schulte Mohair section for listing of top quality imported synthetic furs (with woven backings) in a variety of colours as well as rayons (artificial silk) and distressed cottons.

★Mini Bear Fabric

The grid on the backing enables you to stitch small shapes easily

Code	Colour	Texture	Size	Price/square	Price per strip
